“OFFICE MANAGEMENT SYSTEM”

Submitted By: RAVITA YADAV

Submitted To: ANKIT VISHWAKARMA

Institute Name: UNSKILLS COMPUTER EDUCATION

Session: 2025–26

CERTIFICATE

This is to certify that **Mr./Ms. RAVITA YADAV** has successfully completed the project titled “**Office Management System**” as part of the ADCA course under our guidance.

ACKNOWLEDGEMENT

I would like to express my sincere gratitude to my teacher and institute for providing guidance and support during the completion of this project.

I also thank my friends and family for their encouragement and help.

INDEX

- Introduction
- Objectives
- Scope of Project
- Software Used
- System Requirements
- Project Description
- Advantages
- Limitations
- Conclusion

1. INTRODUCTION

Office Management System is a computer-based project used to maintain office records digitally. It helps in managing employee details, attendance, salary records and office documents efficiently.

This project reduces paperwork and improves office management work using computer applications.

2. OBJECTIVES

- To maintain office records digitally
- To reduce paperwork
- To save time in office work
- To improve data management
- To learn practical use of computers

3. SCOPE OF PROJECT

The project can be used in:

- Schools

- Offices
- Small businesses
- Computer centers
- Private organizations

4. SOFTWARE USED

- Microsoft Word
- Microsoft Excel
- Microsoft PowerPoint

5. SYSTEM REQUIREMENTS

Hardware Requirements

- Computer/Laptop
- Keyboard
- Mouse

- Printer

Software Requirements

- Windows Operating System
- MS Office Package

6. PROJECT DESCRIPTION

The Office Management System stores employee and office records digitally.

Main Functions

- Employee Record Management
- Attendance Management
- Salary Calculation
- Data Entry
- Report Generation

Working Process

1. Enter employee details
2. Save attendance records
3. Calculate salary in Excel
4. Prepare office reports
5. Store data safely

7. ADVANTAGES

- Easy to use
- Saves time
- Reduces paperwork
- Fast data searching
- Better record management

8. LIMITATIONS

- Requires computer knowledge
- Needs electricity and computer system
- Data loss possible without backup

9. CONCLUSION

This project helped in understanding the practical use of computer applications in office management. It improved knowledge of MS Office and data handling systems.

END OF PROJECT
